County Stormwater and Water Resilience Plans

Last year, Supervisor Sheila Kuehl introduced a motion stating the County's goal for water sustainability should be no net increase in total water consumption. The County is starting work on a water resilience action plan. As part of the resilience plan, the County is revisiting its 2013 "Clean Water, Clean Beaches" stormwater management proposal and parcel tax. Hear about a potential water conservation ordinance and where the County is headed on the potential stormwater parcel tax.

Special Guest: *Katy Young, Office of Supervisor Sheila Kuehl*

6th Street Closure

As part of the on-going Regional Connector rail line construction work, Metro will be closing 6th Street between Flower and Hope Streets. This closure will begin in May and is expected to last six months. Come and learn about the closure, its impacts and potential mitigation measures.

Special Guest: *Olga Arroyo, Metro*

West Santa Ana Branch Rail Line

The West Santa Ana Branch (WSAB) Project is a 20-mile segment of a 34-mile rail corridor that will connect Downtown Los Angeles to Artesia and other southeast Los Angeles County destinations. The WSAB corridor is beginning its EIR process. Join us as Metro's WSAB project team will introduce the project, discuss the environmental process/timeline, share previous studies and gather input about different route options through the Arts District.

Special Guests: *Fanny Pan, Metro; and Monica Born, Parsons Brinckerhoff*

(Open to Executive, Business Advocacy and Premier Level Members Only)
